Purpose

The Student Loans & Receivables Collection Conference is designed to provide assistance to college and university personnel responsible for compliance with the Federal loan programs and accounts receivable. Professionals who work daily with the compliance of the loan programs present the sessions.

Who can benefit?

All fiscal officers, collection officers, financial aid administrators, and support staff who are responsible for compliance with Federal loan programs, and institutional accounts receivable management will benefit from attending this informative and innovative conference.

Williams & Fudge, Inc was founded in 1986 with the purpose of serving the Higher Education community. We aid colleges and universities in the recovery of education-related receivables. This conference is a partial fulfillment of our purpose and is not a sales promotion for the company. We coordinate the conference but the presentations are done by professionals in the collection industry.
